We invested in the details of photography by Rui Soares, gathered with João Rei's art and the acacia frames by Ricardo Pereira, making Canadiano more welcoming and authentic.

Aldeão Restaurant combines the Azorean elements of land and sea, for an experience that awakens the best sensations, perfect for sharing and tasting flavors from local producers.

The concept of our menu is "Comfort Food" combining the freshness of regional products with the unpretentious and relaxing style of cooking signed by Chef Yves Gautier passionate about the fusion of regional products and modern cooking techniques.

Our winery offers a selection of Azorean and national wines chosen to result with the creations of our Chef, making it a sensory journey that seeks to be a rich and exciting experience for true lovers of tasting authentic flavors and tastes, without haste, respecting local producers, inspired by the Slow Food concept.

We finish our visit on the terrace that allows us to enjoy the rhythm of Ponta Delgada city with a cocktail or light meal made by our team!
